# SILVER BY SASKIA

Silver By Saskia is a small, local jewelry business founded by Cal Poly student, Saskia Lamb. Saskia began making jewelry at the Cal Poly Craft Center her sophomore year. Over the years, Saskia has grown Silver By Saskia and now has her own workbench and studio in her San Luis Obispo home.

Designs inspired by the natural beauty of the California coast, Silver By Saskia jewelry adds a little touch of funk and color to your day-to-day life. Every piece is handcrafted and features unique stones such as turquoise, sea glass, jade, and opal that capture the beauty of native California.
